CAPITAL STOCK \$1,000,000.
SHARES \$5.00 EACH.

Full Paid and Non-Assessable.

FORTY THOUSAND SHARES

with a bonus of FIVE ACRES of land to each share are
offered to immediate subscribers at par of five dollars
per share, for the benefit of the Treasury.

This Company have acquired an exclusive grant of several million acres of land
from the Government of Mexico in the state of Tamaulipas, bordered by the state of
Texas and the Gulf of Mexico. It comprises rich agricultural, grazing and mineral
lands; numerous forests of valuable timber; and opportunities for vast public enterprises
in the development and settlement of a territory almost as large as the state of Pen-
sylvania, with a good population, a healthy, moderate climate, and ample rain fall.
The land offered with the stock and for which negotiable certificates will be issued, will
prove a choice investment of itself while each share participates in the whole enter-
prise. Based on the lowest price of Government land in the United States the shares
will have a value many times greater than the price at which these forty thousand are
offered to carry out the objects of the Company. Subscription will be accepted as fol-
lows: 25 per cent. cash, balance in equal payments at Thirty, Sixty and Ninety days;
Remit by Draft, Check, Express or Registered Letter, direct or through any banker or
broker. Prospectus and full information on application.

GREAT DISCOVERY!

Dr. H. SMITH

Now in possession of a new discovery in
medicine, which is purely a local anesthetic,
and acts almost instantaneously on the
surrounding tissues of the teeth. It is in no
way injurious or unpleasant to the
taste. The manufacturers of it claim that
it is equal has never been known before, and
by applying it to the sensitive or sore
teeth, they can be cleaned and filled
without pain. So all those that want all
kinds of dental work done without pain,
would better call on Dr. H. Smith. Teeth
extracted for 50 cents.

ON SHORT NOTICE.

STATE NEWS.

Baker City Democrat: The winds
that have been prevalent in this
valley every afternoon lately have
greatly interfered with hay stack-
ing.

East Oregonian: Huckleberries
are very plentiful near the Meadows,
the favorite resort of Weston moun-
tain-goers. A party of twelve
picked thirty gallons of these luscious
berries in one day.

On Thursday Pendleton and
Walla Walla were deprived of their
mails from Portland. The Walla
Walla sacks were thrown off at
Pendleton and these for Pendleton
were carried on to Walla Walla.
The mistake was repaired in the
evening.

East Oregonian: Nearly sixty
cents a bushel has been offered in
Pendleton for wheat of the blue
stem variety, while fifty-five cents
is the market price for ordinary
grades. This is quite a difference,
and should be noted by the honest
granger ere he sows his next season's
crop.

Baker City Blade: Dr. J. P.
Atwood, E. W. and G. P. Reynolds,
owners of an extensive coal mine
about twelve miles west of this city,
on the Canyon City road, have men
at work now sinking shafts and
propose to develop their mine com-
pletely now. It is claimed that this
is a first-class coal mine, which will
be of great advantage to this country.

Albany Herald: F. M. Hyde, of
Harrisburg, sold to Mr. McGregor,
of Portland, recently the finest lot of
twenty-two beef cattle that ever left
Linn county. One four-year-old
steer tipped the scales at 1850
pounds. The animal is part short
horn Durham breed and certainly
was a magnificent specimen. He
will be saved for exhibition at the
next fat cattle show in Portland.
The price Mr. Hyde realized for him
was \$78.40.

Yaquina Post: Brother Jones and
wife have taken down their gospel
tent, and with a kindly benediction
for the spiritual and temporal wel-
fare of our people, gone elsewhere to
spread the glad tidings of "peace on
earth and good will to men." Their
meetings were well attended while
here, and we are informed that up-
wards of forty persons were con-
verted from the error of their ways.
While here they were treated with
uniform courtesy and respect, and
had the sympathy and good wishes
of all good people, in their efforts to
reclaim backsliders and bring sinners
to repentance.

Fresh Every Day.

Farrar & Co. have a fresh stock of
fruits, vegetables and berries every
day, and their fancy and staple
grocery department is constantly re-
plenished.

A Choice Investment.

The Mexican Land and Develop-
ment Company, of No. 57 Broad-
way, New York, have acquired a
grant of public land in the state of
Tamaulipas, Mexico, covering sev-
eral million acres. It covers the
most fertile section of land on the
Continent, with a soil so rich and a
climate so perfect that three crops of
some cereals are produced in one
year. Its forests are also impenetrable
with the growth of rare and valua-
ble woods. The standing timber
alone more than warrants the capi-
talization of the company controlling
the grant, yet in value it represents
but a fraction of the worth of the
millions of acres inexhaustible in
fertility and productiveness. A
limited amount of the Company's
stock is offered for sale at \$5 per
share. With each share is given a
certificate which entitles the holder
to five acres of land free. See ad-
vertisement elsewhere.

POUNCED UPON BY A BLOODHOUND.

Two Young Women and a Boy Have
a Terrible Encounter With a
Rabid Dog.

Baltimore special: Two young
women had a terrible encounter with
a blood hound at Waverley, Balti-
more county, last night. The animal
was owned by Charles Saulsbury
and was quite a pet in the
household. It had been, with one
or two exceptions, gentle and easily
controlled. The excessive heat of
the last few days had made it fret-
ful and ugly. About 11 o'clock last
night Miss Amelia Saulsbury, aged
18 years, a daughter of the owner of
the dog, entered the garden in front
of the house, accompanied by Miss
Jennie Brown, aged 22 years. While
walking toward the house the
hound rushed out from the side yard
barking furiously. Miss Saulsbury
spoke to him, but he jumped upon
her, threw her to the ground, and
next attacked her companion. The
ferocious beast tore the clothing from
them, and lacerated their legs and
arms fearfully. Miss Saulsbury's
brother, a lad of 14, came to their
assistance, when the brute turned
upon him and nearly tore him into
pieces. A policeman finally killed
the dog. Young Saulsbury was bit-
ten in twenty-two different places,
and on his arms and legs the flesh
was torn to the bone. Both of his
arms and hands and his left thigh
were terribly mangled. The wound
on his thigh is particularly danger-
ous. Miss Saulsbury's right hand
and arm were horribly lacerated and
were immediately cauterized. Seven
lacerated wounds were found to have
been received by Miss Brown on the
left hand and arm and a dangerous
wound made by the dog's teeth on
her left hip has almost paralyzed
her. Miss Saulsbury was bitten
some time ago by the same dog on
her right arm. It is thought that
the dog was afflicted with hydropho-
bia and fear is entertained for the
three victims. The physicians say
that the hound was not mad, but
only vicious. The neighbors, how-
ever, are of the opinion that it was a
case of rabies and that the doctors
are concealing the fact in their ef-
fort to save the young women and
the boy from a horrible fate.

The Road Healthward Made Easier.

You have been ill, we will suppose, and
are convalescing slowly. That is, you are
trying to pick up a little flesh, to regain
some of your wonted color, to assuage
your stomach to more solid nutriment
than its recently enfeebled condition per-
mitted you to take. How can you accel-
erate your small pace healthward? We
are warranted by our recent testimony in
affirming that if you will use twice or
three a day Hostetter's Stomach Bitters,
an enabling medicine of long ascertained
purity and tonic virtues, you will be
materially aided. It promotes a flow of
the gastric juices, and helps the system to
assimilate the nourishment of which it
stands so much in need. It remedies a
tendency to constipation without con-
vulsing the bowels. The liver it stimulates
to renewed activity, safely promotes the
action of the kidneys and bladder, and
antidotes malaria and rheumatism at
the outset.

TELEGRAPHIC SUMMARY.

Destructive Fire.

STOCKTON, Cal., Aug. 19.—The
loss by the fire here this morning
was about \$100,000; insurance fully
\$60,000, companies are not known.
The Shippee Agricultural Works,
which used the burning building for
a warehouse, had about eighty com-
bined harvesters stored there and a
number of grain cleaners, all of
which were burned.

A Bad Precedent.

WASHINGTON, Aug. 19.—Con-
gressman Matson of Indiana has
declined to accept a silver service
presented him yesterday by the em-
ployees of the government printing
office on the ground, it is not proper
for him to accept any reward for
performing a duty imposed upon
him as a member of congress, and
that it would set a very bad prece-
dent.

Cannot Collect the Tax.

ST. LOUIS, Aug. 19.—Information
comes from Indian territory that the
tribal stock tax difficulty which has
caused so much trouble will be
settled. Commissioner Brozovsky
decided at Fort Smith that the
Chickasaw nation had no jurisdic-
tion over the people or property of
non-citizens, and therefore no right
to collect a cattle tax of \$1 per
head from them.

TELEGRAPHIC SPLINTS.

Robert J. Lincoln returned from
Europe yesterday. He will work
for Harrison and Morton.

Seth Green, the well known flash
culturist, died on Saturday in Roch-
ester, N. Y., aged 71 years.

Another lunatic in love, named
George Moon, who lived in Casco-
via, N. Y., became jealous of his girl,
aged 18; he shot her in the breast,
inflicting a fatal wound, and then
killed himself.

An Extraordinary Phenomenon.

Private advices from Grant county
report that Lake Malheur, a body of
water that covers more than 75
square miles and has been without
outlet is rushing through a subter-
anean passage with a great roar.
The noise is so loud and the shrink-
age of water so great as to attract
much attention. It is said that
miles of formerly submerged land is
now visible. The account is meager.
The lake receives the water of the
Blitzen river and never overflows.
It is situated on a rich, level plain
with low shores. It is connected
with Lake Harney by a shallow
channel 60 feet wide and 600 feet
long. If the subsidence prove per-
manent it may through the Oregon
Pacific railroad survey some miles
further south.

Their Business Booming.

Probably no one thing has caused
such a general revival of trade at
Dr. H. W. Cox's drug store as their
giving away to their customers of so
many free trial bottles of Dr. King's
New Discovery for Consumption.
Their trade is simply enormous in
this very valuable article from the
fact that it always cures and never
disappoints. Coughs, Colds, Asthma,
Bronchitis, Croup, and all throat
and lung diseases quickly cured.
You can test it before buying by
getting a trial bottle free, large size
\$1. Every bottle warranted.
